MESSAGE FROM NSGA

Dear Athletes,

On behalf of the National Senior Games Association, our member State Games, Board of Directors and staff, thank you for being part of the 2025 National Senior Games presented by Humana.

What an incredible two weeks we shared in Des Moines! Your dedication, spirit and love of sport brought so much energy to The Games. Whether you stood on the podium, set a new personal best or enjoyed reconnecting with friends and making new ones, you are the heartbeat of the Senior Games movement.

We encourage you to keep sharing your stories and inviting others to join us. Every new athlete who steps onto the field, court or track helps grow this movement and inspire healthy, active aging in communities everywhere.

We are so grateful you chose to compete with us this year. We can't wait to cheer you on again first at your State Senior Games, and then when we come together for the 2027 National Senior Games in Tulsa, Oklahoma.

LIVE Fall 2025: Redefining Aging With Senior Athletes, a national TV special presented by GSK

The athletes of the National Senior Games are at the center of an extraordinary national movement that's changing the way we age.

Adults of all ages are actively seeking ways to live longer and healthier lives through diet and exercise, but also by taking an active role in their health by educating themselves about diseases that pose a higher risk to them due to their age and any chronic conditions they may have. GSK has teamed up with Growing Bolder to share the real stories of four National Senior Games athletes who are doing just that.

Adults 60 years of age and older, especially those with certain underlying conditions, are at increased risk of severe respiratory syncytial virus (RSV) disease, which can lead to hospitalization or even death.

If you or a loved one are 60 or older, visit SidelineRSV.com to learn more about RSV and vaccination and stay tuned to GrowingBolder.com/NSGA for the latest programming information.
